

Gedik Yatırım Menkul Değerler AŞ

Ordinary General Assembly Meeting Questions and Answers dated April 26, 2025

Question 1 : I attended your General Assembly last year and requested to be able to participate in the IPO via the Gedik Trader application. As a result of the update made to Gedik Trader, participation in the IPO can now be realized via Gedik Trader and I can easily participate from here. I would like to thank the friends who contributed. However, I request that the website be updated as soon as possible within the framework of universal design principles in a manner befitting our vision and mission. Also, when Gedik Trader is updated again, can fund purchase/sale be added?

Ersan Akpınar (Vice Chairman of the Board of Directors and General Manager) : Thank you.
